

Special Offer: Grandstream, SIP Print & snom

Just Extended - Special Offer from Interlink

An Interlink Special Offer on Grandstream, SIP Print and snom products - Hurry, Limited Time Offer

Just extended through September 30, 2010, Interlink Communication Systems (ICS) is offering a special discount on products from Grandstream, SIP Print (SIP call recording) and snom products purchased through Interlink.

The Products

Get any Grandstream*, SIP Print or snom product at 5% OFF the purchase price plus an additional benefit of FREE GROUND SHIPPING (US Only) on any single PO valued at \$300 or more.

Grandstream

Grandstream IP Video telephones are perfect for your SMB VoIP solution. For instance, the Grandstream GXV-3000 IP video phone is based on SIP standards and H.264 codec to deliver high quality video conferencing right from your desktop.

SIP Print

SIP Print appliances offer true system-level call recording for many of today's leading VoIP systems including ADTRAN, Digium and Grandstream.

snom

snom business VoIP phones include several SIP models to choose from based on your requirements and business needs. The snom MeetingPoint is their first VoIP conference phone; it offers OmniSound® full duplex wideband sound technology. MeetingPoint is Microsoft Office Communication Server 2007 R2 Ready.

*Offer excludes BudgeTone and HandyTone

Offer Highlights

- **5% Off All Orders for Grandstream*, SIP Print, or snom products sourced through Interlink between 4/1/10 and 9/30/10**
